

TECHNICAL DATA SHEET

VE 0W-20 ECO

Fully synthetic, low SAPS fuel efficient engine oil

Product code: N237

Product Description:

VE 0W-20 ECO is a premium quality fully synthetic low SAPS engine oil which, as a result of its specialised formulation and low viscosity, provides significant fuel saving benefits to the motorist. VE 0W-20 ECO also possesses exceptional low temperature characteristics meaning that the oil circulates quickly even in the most demanding cold start conditions.

Benefits:

- Provides significant reductions in fuel consumption
- Excellent low temperature fluidity
- High thermal stability
- Outstanding wear protection
- Fully synthetic low SAPS formulation

Applications:

VE 0W-20 ECO is recommended for many of the latest petrol and diesel engines in Volvo cars as well as, for example, Hyundai, Honda, Toyota, Mazda and Suzuki when one of the following specifications is stated by the vehicle manufacturer along with a SAE 0W-20 viscosity grade.

Product Specification:

ACEA	C5
API	SN
Volvo	VCC RBS0-2AE

Typical Test Data:

Kinematic Viscosity @ 100 ° C (cSt)	9.0
Kinematic Viscosity @ 40 ° C (cSt)	47.0
Viscosity Index	176
Flash Point (COC, ° C)	>200
TBN (mg KOH/g)	8.0
Sulphated Ash (% wt)	0.80
Pour Point (° C)	-48

Health & Safety:

Please refer to the safety data sheet, a copy of which is freely available to all of our customers.
